_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________

11. What are you doing for your substantive review? Please check: If you are undecided, please check all you are considering.

___ BarBri lectures – attending class

___ Kaplan – attending class

___ BarBri Online

___ Kaplan Online

___ Themis

___ Self-study and have already secured materials

___ Self-study and do not have materials
12. Are you planning to work while studying for the bar? If yes, how much and when will you stop? Working during bar prep is a risk factor for failing.

______________________________________________________________________  
______________________________________________________________________  
______________________________________________________________________  
______________________________________________________________________  

13. Would you accept a:

BarBri tuition waiver? ________________

Kaplan tuition waiver? ________________

14. Will receiving a bar prep tuition waiver allow you not to work after June 26th?

______________________________________________________________________  
______________________________________________________________________  
______________________________________________________________________  

15. What amount of your bar course tuition has already been paid? ________________

Which company? ________________

16. Anything else you’d like us to know? Please keep in mind that almost every graduate has too many loans and does not want to take out more loans than they need for bar prep. That alone is not enough for the committee to differentiate between worthy students. This is the spot to highlight any additional reasons the committee should consider.
