Grading

In most courses, the final grade is based on the student's achievement on an examination given at the end of the semester. Many classes also include performance on midterms, quizzes and other projects during the semester as part of the final grade. Examinations are anonymous, and papers are identified solely by number. Each student is expected to take examinations at the scheduled times. For failure to do so, a failing grade is assigned.

Grading of student work is on a 4.0 system

A+ = 4.3  A = 4.0  A- = 3.7
B+ = 3.3  B = 3.0  B- = 2.7
C+ = 2.3  C = 2.0  C- = 1.7
D+ = 1.3  D = 1.0  D- = 0.7
F = 0

Some courses are graded on a pass/fail or credit/no-credit basis.

A student receiving a grade of “F” in a required course must repeat and pass the course. Grades of “F” remain on a student’s transcript and count toward a student’s grade point average even if a course for which an “F” is given is repeated and passed.

The temporary grade of “I” (incomplete) is recorded when the student has not completed the work required for the course. It may only be entered with the written permission of the professor teaching the course. If the work is not completed and a permanent grade not submitted to the school’s records office by the end of the following semester, the “I” grade will be replaced with a grade of “F.”
