Unofficial Transcripts
To preserve student privacy and autonomy in the requesting and use of ”Unofficial Law School Transcripts,” requests for a student issued Unofficial Transcript must be made in person or by UMKC student email to the Law School Registrar, Tina Melville. If the law school registrar is not available, a transcript can also be requested from Adela Fleming. A picture ID or student ID will be required to pick up the unofficial transcript from the law registrar. All Unofficial Law School Transcripts are stamped “Unofficial” and “Issued to Student”.

Unofficial Law School transcripts will no longer be emailed to students. In addition, they will not be uploaded to Symplicity by law school staff. Rather, if you need an unofficial transcript for Symplicity, you should follow the procedure above and then scan and upload the unofficial transcript into Symplicity yourself. This assures that the transcripts you want in Symplicity, and only those, are placed in the system. Scanners are available in the Law Library for this purpose.
